

**Arizona Commerce Authority
Healthy Forest Enterprise Incentive Program
Program Rules & Guidelines**

Section 1. Overview

The Healthy Forest Enterprise Incentives Program (A.R.S. § 41-1516) was established by the Arizona state legislature in 2004 to promote forest health in the state. The program accomplishes this goal by offering incentives to qualified healthy forest enterprises that are primarily engaged in harvesting, processing, or transporting qualifying forest products.

Since the inception of the program a number of modifications have been made by the legislature. In 2005, the statute was revised by Senate Bill 1283 (Laws 2005, Chapter 278), which changed the requirements for business eligibility, revised certification procedures and definitions and added two incentives. The statute was enhanced by House Bill 2332 (Laws 2012, Chapter 331), which reinstated the use fuel tax and property tax reduction incentives. The program is now available to companies with at least one full-time employee that engages in any processing of qualified forest products. Most recently, Senate Bill 1828 (Laws 2021, Chapter 412) established ARS § 41-1076.01 and A.R.S. § 43-1162, which provides that individuals and corporations may now be eligible for additional healthy forest production tax credits to offset or carry forward income tax liability for up to five consecutive tax years. The revised program is effective beginning September 29, 2021, and provides the following tax incentives to certified businesses:

- Use fuel tax reduction
- Transaction privilege tax exemption on purchased equipment
- Transaction privilege tax exemption on leased or rented equipment
- Transaction privilege tax exemption on construction contracts
- Transaction privilege tax exemption on equipment repair parts
- Transaction privilege tax exemption on motor vehicle fuel and use fuel
- Use tax exemption on equipment purchased out-of-state
- Use tax exemption on equipment repair parts
- Use tax exemption on motor vehicle fuel and use fuel
- Property tax reduction
- Employment income tax credits
- Forest production income tax credits

Applying for the Healthy Forest Program

A business seeking tax incentives under this program must obtain certification by the Arizona Commerce Authority (the “Authority”) and must enter into a Memorandum of Understanding

with the Authority. A business must submit a copy of the certification to the Arizona Department of Revenue (“Revenue”) and Revenue must approve the certification prior to the business taking any tax incentives under the program. Each certificate is effective for sixty-months as long as the business maintains eligibility during the period. To maintain eligibility, a business must submit an Annual Report to the Authority no later than March 1st of each year; failure to do so can result in revocation of certification and incentives. A business can apply for recertification for an additional five-year period; if it continues to meet the program requirements and executes a new Memorandum of Understanding with the Authority.

Section 2. Recipients of Incentives

- Businesses primarily engaged (more than 50%) in the harvesting, processing or transporting of Qualified Forest Products in Arizona

A business may apply to the Authority for certification as a Healthy Forest Enterprise by submitting the electronic "Healthy Forest Application" and the "Healthy Forest Memorandum of Understanding".

Additionally, the subcontractors shall submit a letter from the contractor in which the contract is acknowledged and specific information regarding contract activity is provided. A copy of the contract between the contractor and the subcontractor may be substituted for the letter.
